

Adaptable For Children

Removable Padded Covers

Swivel & Slide

Headrest

Pommel

Wedge Cushion

Upper Body Support Wings

Middle Suction Cups

Side Flap Protectors

### Lap Harness

- » Helps prevent slipping for extra safety
- » Gel filled for soft skin contact

### Chest Harness

- » Helps maintain upper body balance and safety
- » Gel filled for comfort and height adjustable to suit user's size

### Full Covers

- » Provides additional padded comfort on seat & backrest
- » Easily fitted and removed for machine washing

### Seat Covers

- » As above (Full Covers) except for the seat only

### Swivel & Slide

- » Assists users with limited mobility to transfer on and off bathlift
- » Gel filled padding to provide comfort

### Headrest

- » Provides extra support whilst bathing
- » Soft touch comfortable foam with easy fitting

### Pommel

- » Separates legs to help maintain correct posture and prevent slipping
- » Easy fitting (seat holes must be predrilled)

### Wedge Cushion

- » Positioned under user's knees to maintain correct sitting position and prevent slipping
- » Easy fitting (seat holes must be predrilled)

### Upper Body Support Wings

- » Provide extra lateral support and security
- » Slot in quickly and tool free to backrest

### Middle Suction Cups

- » Can be added on occasion when uneven surfaces prevent adhesion of the front feet

### Side Flap Protectors

- » Included as standard with every bathlift
- » Hooks onto bath handle to prevent side flap from catching when raising bathlift
